Subject: RE: Phase 3 coordinates

Sure. And this request is timely. I am, this minute, reviewing the locations of our proposed samples near the Honeywell site and, luckily, none of the proposed samples is located over the cap areas. However, we do have to relocate some samples due to proximity to utility lines – I think we've got all of those identified (not 100% sure). These are noted in the last Sampling Schedule that I sent. So, I think a table may be best that shows all of the planned locations from the QAPP and the adjusted locations, including the reason for the adjustment.

Subject: Phase 3 coordinates

Cliff/Brian,

Can you provide the proposed Phase 3 sampling coordinates in electronic format (either GIS layer or an electronic copy of Table 3 in the Phase III QAPP Amendment)? Thanks

Eugenia Naranjo
